

Eminm

Non-Metallised Window Film

Eminm is designed for vehicles with in-built antenna systems that will not interfere with the signal reception of radio (AM and FM), telephone and satellite navigation systems installed in vehicles.

The Benefits

- Anti electro-magnetic interference
- Unsurpassed hardness, patented scratch resistant coating
- Patented state-of-the-art high performance resin mounting adhesive
- Low light reflectance giving clear uninterrupted viewing - day and night
- Patented manufacturing process permanently embeds the colour into the polyester using hydrocarbons and organic substrates
- Multiple layers of UV absorbers ensure it is fade resistant and will not turn purple
- Lifetime nationwide warranty*

Eminm is the ultimate complement to your vehicle.
