Estimated Fade Reduction*	82%

Benefits:

- Polyester film.
- Has the appearance of flat matt Black look.
- Can be used for interior design work.
- Gives privacy day and night with no through vision from either side.
- Ideal where 100% light block-out is required.
- Totally eliminates glare.
- Successfully used on glass in spandrel glass panels.
- Excellent fade reduction.
- Over 98% of harmful UV reduction.
- Strengthens glass for added safety.
- Pressure sensitive adhesive.
- Stops 72% of solar heat.
- Warranty: 5 years internal, 15 years internal non sun facing partitions - not transferable.

APPLIED TO 6MM CLEAR GLASS

*This data is a guide enabling an estimate only of fade reduction. As there are variables that cause fading, it would be impossible to give an exact figure. The data therefore does not constitute warranty.
